A Transition from one environment to other environment that is college life is one of the most challenging events in a students' life. New students enter an institution with their diverse thoughts. They come into a new unfamiliar environment, and many of them have little knowledge of a university/college. Therefore it is necessary to welcome new students to Teacher Education Institution and prepare them for their new role which is designed by Student Induction Programme (SIP).

The JSS Institute of Education, Sakaleshpur conducting 06 days induction programme for the B.Ed students entering the institution, right at the start. Its purpose is to make the students feel comfortable in their new environment; create a bonding with their classmates and Teacher Educators.
