“Education is not the amount of information that is put into your brain and runs riot there, undigested, all your life. We must have life-building, man-making, character-making assimilation of ideas. If you have assimilated five ideas and made them your life and character, you have more education than any man who has got by heart a whole library”

Swami Vivekananda

Rabindranath Tagore

“The roots below the earth claim no rewards for making the branches fruitful.”
