REPORT ON WORLD ENVIRONMENT DAY

On June 05th of every year we are celebrating World Environment Day as a global reminder of our responsibility to preserve, protect and restore ecosystems. In our JSS Institute of Education World environment day has been conducting every year by Science Club and Science department teacher trainees of both first year and second year.

The main objective of celebrating World environment day to create awareness and educate the public about pressing environmental issues, and the importance of sustainable practices.

This year theme of World Environment Day

In 1972, this day was initiated by United Nations General Assembly during the Stockholm Conference on the Human Environment. To mark this event first World Environment Day was celebrated on June 05th 1973 on the theme of “Only One Earth”. This year World Environment Day celebrated on the theme of “Land restoration, Halting desertification and Building drought resilience”, with the slogan of “Our Land Our Future” and “We are Generation Restoration”.

Faculties on the Diaz
