## Spoken English

The IQAC and the Academic committee of JSS Institute of Education, Sakaleshpur came up with the idea of grooming the student teachers for communicative skills and hence, under the guidance of the honourable Principal Dr. Nanjundappa S, The Department Of ICT, JSS Institute of Education, Sakaleshpur came up with an idea of a Youtube Spoken English Course for the students of the College from July, 2023 for the academic session 2022-2023. The course was meant for students facing difficulties in acquiring English language skills properly. There upon, through collective efforts of the all staffs and valuable inputs from the Principal, a module was drafted. Initially, the basic structure of the module was prepared keeping in view the Spoken English YouTube course module. However, the Department felt that since the course is meant for the beginners, it would be better to arrange the content module according to the requirements of our students.

The response from the student teachers was overwhelming; total 86 students from Semester-IV were for the course. In its introductory session the main hall was filled and students enthusiastically wanted to be the part of it. Dr. Nanjundappa S, the Principal, addressed the student teachers intimating them about the importance of English in social and teaching fields. He also appreciated the effort of Sri Thammaiah H B, who was the guiding force behind the entire module.

### Learning Outcomes:

The student teachers were expected to be able to:

- 1) Articulate basic English words with ease and communicate with confidence.
- 2) Pronounce the words correctly and able to identify the usage of words according to occasion.
- 3) Develop knowledge about grammar aspects related to English language.
- 4) Enhance comprehension related to English literature.
- 5) Listen, Read, Write and Speak Basic English skills (LSRW) at teaching/professional/formal places.
- 6) Apply verbal and non-verbal techniques to experience enhanced expression quality during speaking.
- 7) Feel encouraged moving to advanced level of Listing, Speaking, Writing and Reading skills.
- 8) Apply the knowledge of English in there day to day life activities.

for their future teaching profession and they may have a opinion that the spoken English classes may or may not be useful in their future life.

The last 03 member have an opinion of disagree about the usage of spoken English classes their day to day life activities and not much useful to their teaching profession.

These classes were very much helpful because the teachers trainees are from rural background and backward areas, lack in good English communication skill. They are less exposed to the English language and literature. It is also observed that they are having faulty pronunciation pattern, improper voice modulation, stress and intonations. They don't have mastery over the language and have less vocabulary.

The analysis of the YouTube Spoken English test of student-teachers of 2022-24 academic year clearly shows that majority of the student-teachers are obtained lot of information and knowledge regarding the English grammar, the usage of sentences, the punctuation marks and knowledge about spoken English. It also pointed that their interest towards spoken English classes is comparatively high. Only a few members have lack of awareness about the Spoken English Class because of dis interest towards the course itself. So, it is very important to provide necessary training programme to improve their English communication skill and enhance the focused towards their Spoken English language. It is also necessary to design the training programmes which will cater their interest to the maximum level towards English Language.
